types of wood

coloured glass

gloss or matt | Glass surfaces in a colour of your choice (see available colours on NCS colour charts).

colour patterns:
Wood is one of the most noble, beautiful and versatile natural products we have. Every piece of wood is unique. Differences in colour are a result of the wood's structure and place of origin. Similarly, the age of the piece of furniture will determine its colour, as natural factors in your home's environment (e.g. sunlight) can change the surface colour. When your order specifies a particular colour, we do our best to match it. But minor variation in wood, leather and glass are inevitable. An exact colour match will never be possible.

*Wild arrangement only available on fronts.
**Swiss pine only available for selected items.
