

*cabus and cabus pure home entertainment*

**acoustics**

The basis for optimal acoustics are elements made from pure natural wood.

**room divider: optimum TV connection by means of pivoting chrome pillar**

The optional stainless steel TV stand can almost be rotated a full 360° and comes with an integrated cable duct. This stand enables you to see the screen from any side of the room.

**cable management solution**

The cable management system allows for well organised electric wiring hidden from sight. Access from above and a neat cable cut outs make it easy to navigate wires between units.

**loudspeaker**

Special interior partitioning offers sufficient space for all standard loudspeaker systems or centre speakers.

**cable pull flap fitting**

The special pull-out fittings have a slender, elegant appearance and ensure smooth closure of the flaps. When opened, the flaps are flush with the unit base.

### colour patterns

Wood is one of the most noble, beautiful and versatile natural products we have. Every piece of wood is unique. Differences in colour are a result of the wood's structure and place of origin. Similarly, the age of the piece of furniture will determine its colour, as natural factors in your home's environment (e.g. sunlight) can change the surface colour. When your order specifies a particular colour, we do our best to match it. But minor variations in wood, leather, glass and ceramic are inevitable. An exact colour match will never be possible.
